

Delivering the best crypto trading experience in the world

Senior Blockchain Developer (Remote)

Mission

Give millions of people a simple, secure and accessible way of benefitting from the crypto landscape. We are on a mission to build the world's best platform for crypto traders and investors. We help traders connect all their exchanges and wallets, manage their trading portfolio from a single intuitive terminal and keep track of tax reporting with ease.

Culture

Building a unicorn is only possible with a best-in-class team, and technology is the gateway to success. We welcome brilliant minds who are open to exploring new paths.
